1.Organisation Overview

Name: Urban Spark Electrical

History: Urban Spark Electrical is a family-owned business that has been servicing the Johannesburg metropolitan area for over 15 years. Founded by master electrician Johan van der Merwe, the company has grown from a one-man operation to a team of 7 qualified electricians. They are known for their reliability, high-quality workmanship, and transparent pricing.

Mission: To provide safe, reliable, and professional electrical services to homes and businesses, ensuring the safety and satisfaction of our clients.

Vision: To be the most trusted and recommended electrical service provider in Johannesburg, known for our integrity and technical excellence.

Target Audience:

- Homeowners needing repairs or installations
- Property developers
- Small to medium-sized business owners requiring commercial electrical work

2.Website Goals and Objectives

Goal 1: Generate Qualified Leads

- The primary goal is to generate at least 15 new client enquiries per month through the website contact forms.

Goal 2: Build Trust and Credibility

- To showcase the company's experience, qualifications, and testimonials to convert visitors into clients.

Goal 3: Provide Key Information

- To clearly list services and service areas to pre-qualify leads and reduce unnecessary phone calls.

KPIs:

- Number of form submissions on the contact and enquiry pages

- Bounce rate
- Average session duration
- Click-to-call interactions

3.Content Research for each page

3.1 Homepage Content

Headline Options:

- “Safe, Reliable Electrical Services – Trusted by Johannesburg Homes and Businesses”
- “Licensed Electricians You Can Trust in Your Home”

Key Messages:

- Safety First: Address the primary concern of homeowners – electricity is invisible and dangerous. Position the business as the safe choice.
- Emergency Availability: Feature 24/7 emergency response prominently. When someone's panel is sparking, they want whoever answers fastest.

Trust Signals to Display:

- License number (visible and verifiable)
- “Licensed & Insured” badge
- “Free Estimates” or upfront pricing promise
- Certificates of Compliance (COC) capability
- DoEL registration (Department of Employment and Labour)

Call-to-Action:

- “Get a Quote” button
- Click-to-call number visible without scrolling

3.2 About Us Content

Company Story:

Urban Spark Electrical was founded by master electrician Johan van der Merwe. What began as a one-man operation has grown into a team of 7 trusted professionals serving the greater

Johannesburg area. We pride ourselves on transparent pricing, high-quality workmanship, and a commitment to safety.

Team Credentials:

- Licensed Master Electrician (registration number on file)
- SANS 10142 compliant installations
- Public liability insurance
- Background-checked technicians

Why Choose Urban Spark:

- Licensed & insured
- 24/7 emergency service
- 15+ years' experience
- Transparent pricing – no surprises
- Certificate of Compliance (COC) issued

3.3 Services Page Content

5. SEO Research

Keywords to Target:

- “Electrician Johannesburg”
- “Emergency electrician near me”
- “COC certificate Johannesburg”
- “Solar installation Johannesburg”
- “Commercial electrician South Africa”

On-Page SEO Requirements:

- Title tags with service and location
- Meta descriptions optimised for each page
- Header tags (H1, H2, H3) for structure
- Image alt text with descriptive file names

Local SEO:

- Google Business Profile with correct categories
- NAP consistency (Name, Address, Phone) across all listings
- Service area pages for Johannesburg suburbs
- Active review management

6.Competitive Context Research

Industry Challenges in Johannesburg:

- City Power infrastructure backlog of R44 billion
- Average outage duration of around 14 hours
- 60% of outages caused by ageing equipment
- 20% caused by theft and vandalism

Opportunity – growing demand for:

- Solar and backup power systems
- Commercial maintenance contracts
- COC certificates for property sales
- Emergency call-out service

7.Compliance and Licensing Information

Required Credentials:

- Department of Employment and Labour (DoEL) registration
- SANS 10142 compliance
- Certificate of Compliance (COC) capability
- Public liability insurance

Display Requirement: License number visible on all pages (footer/header).
